<https://form.jotform.com/90424979670165>

Only electronic orders with online payment accepted

Thank you for your support!

Living Earth Products

SHREDDED HARDWOOD BARK MULCH (2 Cubic Feet Bag)

Shredded Hardwood Bark Mulch is the most popular mulch. With a fine-texture, uniform size and medium to dark brown color this mulch provides a pleasing, natural, finishing touch to any planting bed. As with our other quality mulches, Fine Shredded Hardwood Bark Mulch conserves water, suppresses weeds, moderates soil temperatures and adds valuable organic content to planting beds.

CEDAR MULCH (2 Cubic Feet Bag)

Cedar Mulch is shredded and has a reddish-brown color and pleasing aroma. It contains cedar oil and therefore lasts longer than most mulch. Because Cedar Mulch has a fibrous texture, it tends to hold together on sloped surfaces. A native Texas recycled product, Cedar Mulch is reported to repel insects, decompose slowly and hold its color longer than cypress. It is one of the finest mulches on the market.

BLACK MULCH (2 Cubic Feet Bag)

Black Mulch is composed of white wood from fresh ground pine and hardwood lumber. It looks great under shrubs and trees. The dark color highlights the plants above it. As with other colored mulches, Black Color Mulch is a dyed product. Black Mulch adds organic material to the soil mix as it decomposes.

Testimonial

“We are a family-owned landscape & irrigation company that has built our business on customer service. So customer service from our vendors is very important to us. Since we started the company, we have used Living Earth and have always been pleased with the quality of the product.”

Living Earth Products

How Much Mulch?

- Recommend **3 – 5" total mulch depth** to conserve moisture, suppress weeds and regulate soil temperature. Add this much to new or neglected bed areas in your yard.
- For existing mulched beds, recommend **adding at least 2" depth** of new mulch as spring top off.

Length (ft) X Width (ft) = Area Square Feet (sq ft)

Area Square Feet (sq ft) X Depth (inches) ÷ 24 = # of bags

i.e. a single 2 Cu ft bag covers:

12 sq ft 2" deep or 8 sq ft 3" deep

OR a 10 ft diameter tree circle 3" deep requires 10 bags of mulch

CRHS BAND & ENCORE

Mulch Sale Dates

February 17 – March 18, 2020

- **Monday, February 17** - Sales Begin
- **Wednesday, March 18**, Last day to place orders on online at:

www.CincoRanchCougarBand.com/mulch-fundraiser

Or <https://form.jotform.com/90424979670165>

Only online orders and payment accepted this year.

- **Saturday, April 4, 2020** -
Band delivers mulch to all customers.

Selling Tips

- Print out the colorful sales flyer to be used as a sales talking tool. It gives details about the product, pricing, delivery, etc.
- Each Band student will also receive a page of 3 summary fliers. The students should make several copies of these to hand out. These are copier friendly and can be left on neighbor's front doors if nobody is at home or left as a reminder after you have spoken to your customer.
- The response rate is much better if the Band student talks to the person.
- Be courteous with your customers. Look them in the eye, speak clearly and slowly. Say "thank you" even if they don't buy anything.
- **All payments are collected in advance.** Customers may place orders and pay by **credit card or PayPal** by scanning the QR code or going to www.cincoranchcougarband.com.
- Last day to place orders is Friday, March 18th. Only online orders and online payments accepted this year.
- If your customer doesn't want to enter their credit card info into the online order system, you can take their order and then enter it yourself into the online ordering system.
- The mulch we deliver is manufactured and bagged in Houston by Living Earth Technology.
- Again, be courteous with customers. Look them in the eye, speak clearly and slowly. Say "thank you" even if they don't buy anything. You are representing yourself, your family, and the CRHS Band.

OPTIONAL: Band students may offer to charge \$.50 - \$1.00 a bag to spread the mulch. This is an independent arrangement between the customer and the student that some people have requested. The money would be paid directly to the students performing the labor. The band and the band boosters are not involved with this transaction.
