## What Money Day items are required and why?

**Mandatory Fees** – Required for ALL students and covers the cost of clinicians, transportation, buses for contests, meals for students, student parties, cleaning and maintaining uniforms, music, drill design, choreography, Encore costumes, props, other show expenses, and more.

**2020 Show T-Shirt** – Required purchase for ALL students each year. This shirt promotes the marching show and is required to be worn at several events throughout the year. 1 required, 2 recommended.

**District Instrument fees** – Required district fee for each district owned instrument used.

**Black Compression Shirt & Shorts** must be worn under the Competition Uniform. You may buy at our bulk price or purchase your own, as long as it is plain black.

**Gray moisture-manage shirt** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. 1 required, but we recommend 2 for laundry purposes. This shirt is worn in the stands when not in full uniform.

**Maroon Student Polo Shirt** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. This shirt is the casual uniform to be worn at some events throughout the year.

**Band Water Jug** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. 1-gallon, black stainless steel water jug with CRHS Band logo for uniform appearance. It will be used at all events to ensure sufficient hydration.

**Black Marching Socks** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. Having the same socks helps provide a uniform appearance on the field and provide proper foot support. We recommend at least 2 pairs.

**Marching Shoes** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. Having the same shoes helps provide a uniform appearance on the field and provides proper foot support during marching.

**Black Gym Shorts** - This is a required purchase for first year band students and optional for returning students unless a replacement is needed. This gives a uniform appearance when uniforms can be taken off at events.

**Maroon Band Garment Bag** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. The garment bag is used to transport the marching uniform to all events.

**Maroon Band Tote/Duffle Bag** – This is a required purchase for first year band students and optional for returning students unless a replacement is needed. The tote bag is for transporting necessary items to events. Some students pack for band trips entirely in the tote bag.

**Black Gloves** – This is a required purchase for first year band students (except Percussion) and optional for returning students unless a replacement is needed. The gloves are a part of the on-field uniform. Two pairs are recommended because of frequency of loss.

**Rain Poncho** – This is a required purchase for freshmen and any returning student who does not have one from previous years. The poncho helps protect the students and marching uniform from rain.

**Drumline Shirt** – This is a required purchase for percussion freshmen and any returning student who does not have one from previous years. It is worn by the drumline for certain events.

**Section T-shirt** – **Optional** – show pride in your section with a student designed shirt. Each section will be different.
